

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JUN 21 1982

Mr. Jack Van Gundy
President
PCB, Inc. of Missouri
2100 Wyandotte
Kansas City, Missouri 64108

RE: MOD980633044

Dear Mr. Van Gundy:

We have reviewed your letter of March 24, 1982, in accordance with your request, and following your telephone conversation with Ms. Griddine of our staff. On both occasions you stated that your notification of February 18, 1982, was intended for the purpose of obtaining a transporter number only, and that the "TSD" blank was checked in error. You requested that the "TSD" delineation be removed from the file.

Since PCB's are not regulated under the Resource Conservation and Recovery Act (RCRA), and since your filing as a transporter was for the purpose of compliance with the regulations of the State of Missouri, we concur with your request and are hereby removing the "TSD" designation from your file. By copy of this letter we are advising the State of Missouri.

As you know, the above action pertains only to the Federal RCRA program and does not dismiss you from the necessity to comply with the Missouri Solid and Hazardous Waste Laws and Regulations, 260.200 - 260.240 RSMo and 260.350 - 260.430 RSMo respectively. If you have any questions concerning this, please contact the Waste Management Program of the Missouri Department of Natural Resources at 314-751-3241.

If you have any further questions with regard to your file, or if we may assist you in any way, please contact Ms. Betti Harris, Missouri Coordinator, State Program Section. She can be reached at 816-374-6533.

Sincerely yours,

Robert L. Morby
Chief, Waste Management Branch
Air and Waste Management Division
